COURSE INFORMATION: This training course will teach investigative skills necessary to link drug usage, trafficking, manufacturing and/or grow operations to child endangerment, a violation of Penal Code Section 273a. Whether you're a law enforcement officer (Police, Probation, and Parole), Social Worker, Prosecuting Attorney or one of many first responders, you will learn how to identify and evaluate the dangers to children living in drug environments, as well as protecting yourself and the community from harm.

HOT TOPICS: Safeguarding children during investigative and tactical operations in medical/recreational marijuana homes, grow operations, BHO extraction labs and pharmaceutical cases will reduce child injuries and death. When first responders and officers share information and act quickly in preparation of a search warrant, children are rescued and cases are successfully prosecuted.

WHO SHOULD ATTEND: Law enforcement, District Attorney's, Probation/Parole, CPS and other first responders who have a job which require them to enter homes where drugs may be used, sold, manufactured and/or marijuana grow operations. THIS TRAINING IS POST CERTIFIED - PLAN IV: N/A. STC Certified and College Credits.

NO TUITION: This is a **FREE CLASS**. But you must register immediately. Plan ahead and reserve your spot.
